

# Joey Cowan

**Impaired driving destroys lives. Joey Cowan knows this from personal experience.**

**Joey has dedicated himself to educating people about the deadly consequences of poor choices like impaired driving through an engaging and informative presentation.**

Local speaker, Joey Cowan, knows about the effects of impaired driving first hand. As an Addictions Counselor he has helped others deal with the after effects of impaired driving collisions. Joey also has personal experience with the issue after having lost a close friend and family member in an impaired driving collision.

The issue of impaired driving continues to have deadly consequences on Manitoba roads. The consequences of this deadly activity are devastating and long lasting.

Joey's enthusiasm for helping others through these types of traumatic experiences and for helping people face the issue of addiction are highlighted in his concise and commanding presentation.

His outstanding ability to communicate with young people and help them open themselves up on a genuine emotional level assists in making this a learning experience that is both powerful and memorable.

In addition to his counseling portfolio, Joey is a co-facilitator in the Applied Counseling Certificate Program at the University of Manitoba. Joey also provides workshops on family violence, addiction, and suicide prevention to numerous organizations in Manitoba
