Tom Melin is an alcohol (drug) abuse and drunk driving prevention speaker who shares his story with others by offering the FOREVER CHANGED PRESENTATION to middle schools, high schools, military bases, community health organizations as well as many other national organizations.

The FOREVER CHANGED PRESENTATION is a valuable life lesson that will encourage people to live responsibly and make the appropriate life choices.

I would like to personally thank you for the wonderful presentation at Bay City Central today. I attempted to come to the Media Center to meet you but there was a group of students talking with you and I did not want to interrupt what you had going on with them. I was very impressed with your DVD and the no nonsense way that you spoke to the group. Thank you for sharing your life and your story with the "Full house" today. I wish you continued success in your life and in your mission to spread the word to kids. If you are ever in need of a reference, I would be more than happy to provide one.

Thanks again!

I am a teacher here at Bay City Central and I thoroughly enjoyed your presentation today. I feel you reached the students on a level that few people can reach. Please keep up the great work. I know this gives your life great purpose. I would also encourage you to include a discussion of your cocaine addiction into your presentation. I know you are in recovery and I could tell it was more difficult for you to talk about, but I feel you could have a tremendous impact on young people if you talk about your experience. Thank-you for coming to our school and once again, great job and God bless you!
